The figure displays five screenshots of a mobile application interface, arranged horizontally. Each screenshot shows a different screen of the app, all with a white background and a grey top bar.

- HomeScreen:** Shows a user profile at the top with the name "Dimas F. Al" and a "Task" tab selected. Below is a list of tasks under the "Unconfirmed" and "Confirmed" sections. Each task entry includes a red dot icon, the task name, and a status indicator.
- SearchTask:** Shows a search bar at the top with the text "Cari Task...". Below is a "Result" section displaying a list of tasks, each with a red dot icon, the task name, and a status indicator.
- DetailConfirmTask:** Shows a task detail screen with a title, a description, and a "Request" button. Below the button is a "Footer" section with a "Request" button.
- RevisiConfirmTask:** Shows a task detail screen with a title, a description, and a "Request" button. Below the button is a "Footer" section with a "Request" button.
- Notification:** Shows a notification screen with a title and a list of notifications. Each notification entry includes a blue dot icon, the notification text, and a status indicator.

JOBDESK DI SPRINT 1

The screenshot shows the Jira interface for the 'RPL' project. The left sidebar contains navigation options like 'Back to project', 'Issues and filters', and 'My open issues'. The main content area displays a list of 'Done issues' under the 'Updated' filter. The issue 'sebagai admin, saya bisa login' (RPL-84) is selected, showing its details. The issue is in the 'Done' state, assigned to 'Unassigned', and reported by 'Dimas NA'. The description is 'sebagai admin, saya bisa login'. The subtasks list includes 'membuat tampilan login', 'mendevelop backend login', 'membuat wireframe login', and 'membuat splash screen', all marked as 'DONE'. The right sidebar shows additional details like 'Labels: None', 'Sprint: RPL Sprint 2 +1', and 'Priority: Medium'.

Projects / RPL

Done issues

Updated

- sebagai admin, saya bisa login (RPL-84)
- membuat tampilan balance (RPL-84)
- Membuat kolom edit nickname (RPL-71)
- Membuat tombol ganti password (RPL-75)
- Membuat kolom edit nama akun (RPL-70)
- sebagai admin, saya bisa ke home (RPL-88)
